

Home Inspector Directory 2008
North Central Ohio ASHI Chapter

North Central Ohio ASHI Chapter

Your Home Inspection

Your home is likely to be the biggest investment you will ever make. Be an informed buyer or seller. Before you make a purchase or sale, it is important to have a professional home inspection. An inspection report done according to the ASHI standards of practice will review the condition of the heating and air conditioning systems, plumbing and electrical systems, roof, attic, insulation, general exterior and interiors, windows and doors, basements, crawl spaces, foundations and structure.

Real Estate Professionals

Your customers often look to you for recommendations on who they should hire to conduct a professional home inspection. Trust a member of the North Central Ohio ASHI Chapter to provide your client exceptional service and expert technical knowledge. This enables your clients to make an informed decision about the purchase or sale of a home.

Established in 1976, ASHI is the oldest, largest and most respected national organization of home inspectors in North America with over 6000 members. With stringent requirements for achieving membership, ASHI represents the best of the profession.

The North Central Ohio ASHI Chapter is the leading resource and advocate for home inspections to the public and the real estate community in Ohio. Our goal is to provide education for our members and the community, and to protect and preserve real property. The members of the North Central Ohio ASHI Chapter pride themselves on professionalism, continuing education, and networking to provide the best service to our clients.
